Supported Living Program
Homecare Services

Everybody needs a little help.

Grocery shopping, transport to the local doctor's appointment, assistance with personal care, showering and clinical care or some help to do the housework.

Home Care Package and Consumer Directed Care (CDC)

We will tailor a Supported Living Program package to suit your needs and preferences.

- + Remain independently in your own home for longer.
- + Access to a range of ongoing personal services, support services and clinical care that help you with your day-to-day activities.

We come to you!

To be allocated a Home Care Package, you must be assessed by the Aged Care Assessment Team (ACAT) who will determine your package level.

All our services can be also delivered as a Private/fee for service basis.
